1. **All guns are to be empty and open between stations.** Empty O/U's may be closed for transporting in a cart, all semi-auto and pump guns must have an open action.
2. Only load guns when you are in the "window" preparing to shoot.
3. **No more than 2 rounds** may be loaded in any shotgun.
4. Only shot sizes **7.5, 8, 8.5 and 9** are allowed at any station. Steel shot is **not** allowed. Shotguns larger than **12** gauge are not allowed at any shotgun venue at Cedar Hills.
5. All guns must be cleared and racked if it is necessary to service a trap machine. Do not handle guns when anyone is down range.
6. Ear and eye protection is required. Please check with the range officer if you need ear plugs or eyewear.
7. Shooting of wildlife will not be tolerated (including snakes). If you discover a rattlesnake, please inform the range officer. Watch where you put your hands when picking up hulls.
8. Shooters may not adjust trap machines without the permission of the range officer.
9. If you are shooting a semi-auto, please pick up your empties when your squad is finished shooting. Magnetic pick up sticks are at every station. If you are shooting during a scheduled shoot, please don't hold up the next squad picking up empties.
10. Use the hull buckets/trash cans.
11. Notify the range officer if any station is not working properly or if a machine is out of clays.
12. Payment is on the honor system. Please help keep our costs low by depositing your payment and don't forget the non-member range fee. If you shoot extra targets, please add those to your payment. Prices are posted in the shotgun range shed. If paying cash, exact change may not be available.
13. If you are using a motorized cart or ATV, please keep your speed down and pedestrians have the right of way. The road is narrow and parking is limited on the sporting clays range.
14. Any observed safety concerns or issues should be reported to the range officer immediately.
